EARTH WALKS

In Step With Nature

Why Earth Walks?

Statement

Earth Walks are our effort to establish micro networks of guides and nature lovers for the purpose of wildlife conservation through brief outings which will aid learnings and exchange of information, change outlook and increase awareness.

What are Earth Walks?

Earth Walks are our effort to change your outlook:

- From a passive to a knowledgeable nature lover.
- To be someone who makes contributions to conservation science.
- Family-friendly one-day outings near or in home cities
- A quick nature-centric break from daily hustle and bustle
- Highlighting often-ignored habitats, flora and fauna

How do Earth Walks benefit our guests?

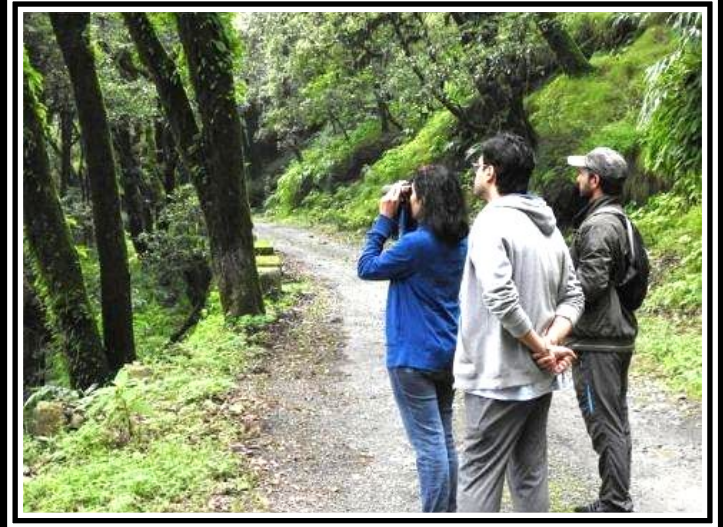

These help you embark on short but meaningful excursions. These are designed to showcase all the amazing wildlife that often goes ignored

- A quick nature-centric break from daily hustle and bustle
- Relaxing in the lap of nature
- Increasing knowledge and awareness of various habitats and taxa
- Learning to look at nature and conservation in a different light
- From butterflies to amphibians, reptiles, and many other lifeforms!
- Discover special habitats, and uncover their secrets.
- Wonderful way to spend time with family and friends

How do Earth Walks benefit guides?

- Learning to associate birding or other nature-based activities with conservation
- Learning to impart knowledge and change guests' outlook rather than simply show species

How do Earth Walks benefit tour operators?

- A great way to give back to nature and work with various conservation-based NGOs
- Small nature-centric bonus experiences for frequent guests
- A great way to reconnect with the erstwhile travellers
- Widening reach to those who may not be able to commit to a multi-day tour
- Can be used as a marketing medium for longer tours

How do Earth Walks benefit NGOs?

- A great medium to reach the average person
- Can be used as a medium to raise awareness
- Can be used as a medium to gain funds through donations/services/products
- For community tourism stakeholders and their parent NGOs, it is an easy practice run for longer-commitment guests

Who can undertake these walks?

These are perfect for families, nature enthusiasts and photographers.

Earth Walks are designed to be short, kid-friendly, easy-paced, and are fruitful.

Earth Walks can be conducted for school groups and educational institutions.

Where are these walks conducted? How long?

- Earth Walks are one-day events, carried out in or near your home cities
- Some Earth Walks destinations, such as Pangot, Bharatpur, Corbett etc., may require an overnight stay
